C. L. & H. L. Denoon,

EASY CONDITION OF MONEY MARKET on United States Gov-

ernment Bonds for any Influenced a Professional Advance of part of One Year at Two a Few Stocks.

A DECREASE OF DIVIDENDS and a Half Per Cent. per

Fear Expressed That a Cut in the Selling Price of Raw Cotton is Preliminary to

> a War of Rates-The Eond Market Bull.

(By Associated Press.)

NEW YORK, Dec. 16.—There was no renewal' of the pressure of negulation in the stock market to-day, but there was manifest hesitation about undertaking any operations for an advance. A hand-fin of stocks were advanced by protessional operators in a seeming attempt to induce a following and to influence the general market. The evidentity casier condition of the money market encouraged its movement, but the fear of a recurrence of suringency and the unsatiting influence of renewed weakness in Amagamated Copper, discouraged its extension. Amalgamated Copper started downwards from the opening, but recovered momentaring to 1k above last week's closing. It gravitated for the rest of the day with only slight rallies to the low point at ulb, where it closed.

The fluctuations in the stock were not violent, and tracers described its action as a fall of its own weight, without any apparent artificial pressure. The net loss is 3%. It is taken for granted that the renewed decline foreshndows a reduction in the dividend on Thursday, as the dishursement of dividends by a subsidiary company is tied up by injunction. The rate of dividend is expected at from 1 per cent, quarrely down to passing it entirely. Fears are professed also that the cut in the selling price of raw cotton, made last week, is a preliminary to further cuts and to a war of rates, It was worthy of remark that in London the price of futures closed higher than for spot for the first time since the first week in October. The prospect of the unsettling influence of mystery and uncertainty over the Amalgamated dividend rate, until its actual declaration, were sufficient in itself to discourage activity in the general market.

The strength of the Saturday bank staloment is diverged to the seconds.

in itself to discourage activity in the general market.

The strength of the Saturday bank statement is due entirely to the speculative liquidation which took place last week. To expand again immediately the loan account of the banks would threaten, it is feared, a recurrence of stringent money. The condition of the world's money markets, however, was easier all round to-day. Discounts were lower in London, and sterling exchange, both at Paris and Berlin, fell back sharply. Foreign exchange here did not rise appreciably, in spite of the greater abundance of funds in the money market. It was considered encouraging, also, that no deposits were made at the sub-Treasury to-day for transfer to the interior. Checks for Government interest in anticipation of the January payment, began to come to the sub-Treasury to-day, and the day's payment of the eight million dollars Standara Oil dividend was an influence to-wards greater ease of money.

The bond market was dull. Total sales, par value, \$2.25,000. United States refunding 2's advanced 4 and the 5's coupon 42 per cent, on the last call. Total sales of stocks to-day were 505,500 shares.

MONEY AND EXCHANGE—Money on Call closed easier at 2½.67½ per cent.; closing bid and asked. 2½.63 per cent.; crime mercantile paper, 4½.65 per cent.; sterling exchange quiet with actual business in bankers' bills at \$4.87½.4.87½ for sixty lays; posted rates, \$4.83½.64.83½ for sixty lays; posted rates, \$4.83½.64.83½. COTTON MARKETS.

NEW YORK, Dec. 16.—The cotton market started out firm in tone with prices up 5-11 points on a scare of shorts and brisk demand from abroad. Very bullish Liverpool cables, firmnes in spot markets and a cold wave, which covered the entire cotton belt, were the factors which stirred up the bears and gave the bulls fresh confidence. Following the call the markets was quiet and active, and held its own on scattering demand from all quarters. Sellers comprised ring traders and investors, who had genero is profits within easy reach.

At mid-day the market had lost a lortion of the early rise, but was by no means weak. Wall Street bought late months, and Europe continued to bid for the winter business on reports that spinners were doing a splendid business. Private crop advices from the belt reported picking nearly completed and a large percentage of the crop marketed. The Government chart reported generally fair weather South, but recorded the lowest temperatures in many years, these ranging from six degrees at Memphis to thirty-two degrees at Jacksonville. While the freezing weather was regarded as unimportant, so far as affecting the net yield was concerned, many operators believed it would temporarily check receipts, owing to its effect on "farm lands."

Fear that Liverpoool will to-morrow repeat the acvance of to-day caused ring shorts to cover in the last hour. The close was quiet, net 427 points higher. A vote on the proposition to close the exchange the day after New Year's was youed down, but the members voted to close the exchange the day after Christmas.

PETERSBURG. VA. Dec. 16.—COTTON—Market dull and prices entirely nominal. Quotations are 7%c. for good lots.

NEW YORK, Dec. 16.—COFFEE—The market for coffee futures to-day were upheld by a fair public demand and Wall Street and room buying suggested by bullish European and Brazilian-markets advices and a continued narrowing of the primary movement. Final prices were net unchanged to 10 points higher and the tone steady. Sales, 35.500 bags. Spot Rio, steady; No. 7 invoice, 6%c.; faild, steady; Coruova, 7%Citc.

LETTER FROM THE OCEAN,

W. Gentry Writes Home from the Middle of the Pacific. From the middle of the Pacific Ocean

Mr. T. W. Gentry, of the Richmond Locomotive Works, has sent a letter to a friend in this city. Mr. Gentry is en route to New Zealand as a representative of the Locomotive Works. In his letter, written after leaving Hawaii, he says the steamer Sonoma, on which he is a passen-ger, was due in Auckland on Monday, the

ger, was due in Auchana on Monday, the lith of November.

His letter in part is as follows:

"I am not aware if you have visited the Hawaiian Islands. To me they were a revelation, especially the city of Honolulu. It is beautiful, and they have two hotels that are far ahead of anything we have in Richmond at present. The fruits and flowers are, however, the features of the place. All of the tropical fruits and many of those of the North Temperate Zone are abundant, and date cocoanut and hanana trees are plentiful in the streets. The beach is magnificent, and bathing superb. The native women are comely and very interesting."

Residence on Fire.

An alarm of fire was turned in from Grove Avenue and Beech Street at 2:20 clock vesterday afternoon, caused by a small fire at the residence of Mr. R. W. Powers, on Park Avenue. The Laurel-Street engine attended the fire, which was nut out with no considerable loss.

A DULL DAY IN THE MARKET

Amalagamated Copper Makes a New Low Record,

BUT MARKET CLOSES FIRM

but it Did Not Hold-Little Change in Prices in the General

The stock market opened well and heavy, with money at 7 per cent.
The offering of money down to 6 1-2 per cent. caused a generally better reciing in the market. The most marked rally was in the Tractions, but considerable strength was shown in New York Central and Gould stocks. London traded in 15,000 shares, of which the greater part were purchasers. New York Central sold as high as 165,

and it looked as though the Vanderbut "deal" was going to be announced, but the gain was not maintained, and the market sold off. It was afterwards said that the strength of this s.cck was based largely on the short increase. It is also said that there is a large short in-

terest in St. Paul and Union Pacific.

COPPER AGAIN.

The market was influenced as usual by the conduct of Amalgamated Copper.

The stock opened at 65, but soid off, and in the latter part of the session tecame very weak, selling down to el 18, a new low record. It is to be not 10, however, that other stocks behaved very vell in view of the slump of copper, leading some to believe that the market is getting ready to break away from that lively corpse.

The following as that the market is getting ready to break away from that lively corpse. The following as to the money move-

ment was sent out from New York:

The interest on the 2 per cent, consols of 1800 and on the 4 per cent, of 1901, due January 1, 1902, and amounting to about \$1,650,000, will be paid on and after to-day. This should add semething over 1500,000 to bonk reserve this weak fear. \$3,000,000 to bank reserve this week. Fension payments for the week will be about \$2,000,000, as compared with only \$12,000 for last week. There will be from these two sources alone a gain of \$1,500,000. The interior movement is uncertain. Last year banks gained from interior during week ensing December 22, \$2,200, 500. The demand from New Orleans for currency with walch to move cotton is still urgent, and afterwards the sugar crop will require funds from this center. The speculation in grain and provisions at Chicago is keeping in use the bank reserves of the collection of the principal and interest to be secured by deed of trust on the property, or the entire purchase-money in cash, at the overlap of the purchase-money in cash, at the overlap of the purchase of the purc at Chicago is keeping in use the bank reserves of that city, and may result in withdrawing deposits from new York. Money fell to 2 1-2 per cent. in the late trading. The Produce Market.

The very nearness of Christmas makes the produce market unusually dull just now. People are keeping close touch with their money, laying it aside for the yuletheir money, laying it aside for the yule-tide festivities, and as a consequence hucksters are dull, and since wholesale merchants are in a large measure depen-dent upon them, they are in the fix, too. However, as the days go by better things will happen, and by Friday and Saturday and next Monday there will be a good rush.
The demand for dressed poultry is much

The demand for dressed poultry is much better, and the outlook is for a brisk trade in this line. There will be a good demand for poultry during the latter end of the week. It is expected that turkeys will self from 12 to 15 cents per pound.

Live turkeys are worth 9 cents per pound; live chickens are worth 816 to 9 cents per pound; hens, 8 to 816 cents.

Eggs sold yesterday at 24 cents per dozen, and are still on the unward grade. Dressed hogs are selling well at 616 to 7 cents per pound.

Onlons are in great demand and are selling at \$3.50 per barrel.

Cabbage are worth anywhere from 216 to 5 cents per head.

Rabbits are worth 11 to 13 cents each; partridges, 10 to 1216 cents; phensants, 35 to 50 cents each; wild turkeys, 9 to 10 cents per pound; whole deer 9 cents per pound; saddles, 13 to 14 cents.

To His Brother's Wedding.

Rev. J. O. Babcock, pastor of Fairmount Avenue Methodist Church, left yesterday morning for Appomattox countered by the will to-day, at high noon.

There he will to-day, at high noon.

Church, and the at same at some for negotiable notes, with an extra for negotiable notes, with a negotial for negotiable notes, with an extra for negotiable notes, with a negotial for negotiable notes, with a negotial for negotiable notes, with a negotial for negotial fo Chauncey Babcock, a leading and successful young man of the county, to Miss of the County of Henrico: Chauncey Babcock, a leading and successful young man of the county, to Miss Mary Catherine Cheatham, the pretty daughter of Mr. and Mrs. Robert A. Cheatham. The marriage will be one of the leading events of the county, as both of the contracting parties are among the best people of the county and exceedingly popular. Mr. Babcock will return to the city on Thursday.

Drs. Oscar L. Powell and George L. Fosque, of Omancock, are in the city, and called yesterday upon their representative, Hon. S. Wilkins Matthews.
